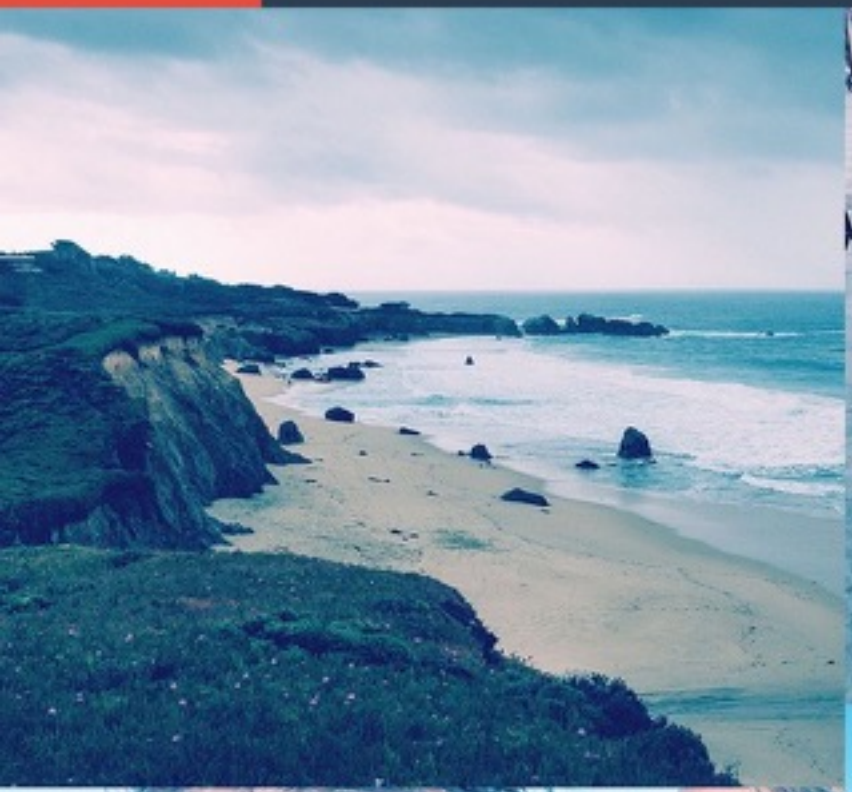
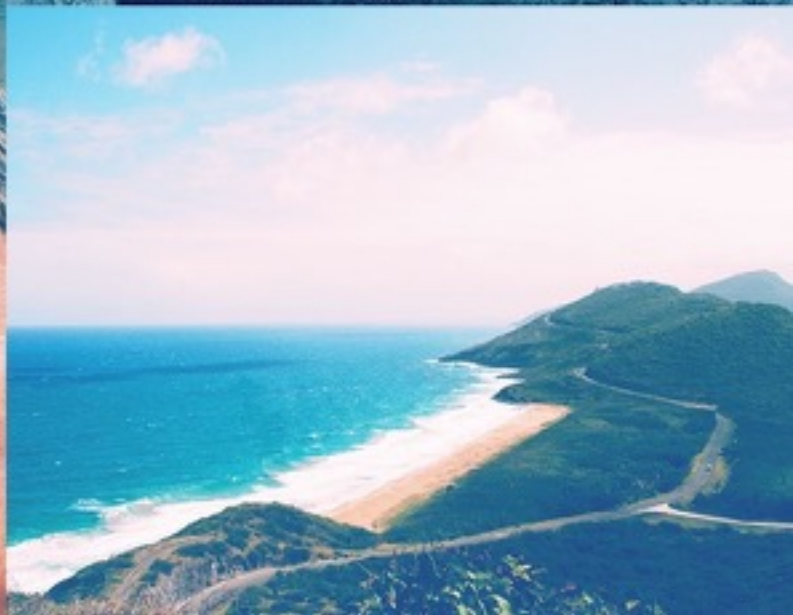
008 – Imaginer: **Maverick**

009 – Imaginer: **Freshy**





010 – Imaginer: **1980**

011 – Imaginer: **Blacky**

INSTALLATION

There are several ways to install Imaginer. After successful installation you need to restart Photoshop and could run Imaginer from Photoshop menu Window → Extensions → Imaginer

The easiest one:

- Normally zxp-extension of downloaded file is associated with Adobe Extension Manager CC
- Double-click on downloaded file for Imaginer to run Adobe Extension Manager CC
- Adobe Extension Manager CC will lead you through installation process which is quite simple
- Restart Photoshop
- Run Imaginer from Photoshop menu "Window" → "Extensions" → "Imaginer"
- Use it

Manual installation

- Rename downloaded file to "Imaginer.zip" (without quotas)
- Unpacking this file with your preferred archiver program (it's just a usual zip-archive but with extension zxp)
- On Windows: Put unpacked directory to "C:\Program Files\Common Files\Adobe\CEP \extensions\". So finally you will have file with path "C:\Program Files\Common Files\Adobe\CEP \extensions\Imaginer\index.html". Be careful not to add any additional directories between
- On Mac. Put unpacked directory to "Macintosh HD ▸ Library ▸ Application Support ▸ Adobe ▸ CEP ▸ extensions". So finally you will have file with path "/Library/Application Support/Adobe/ CEP/extensions/Imaginer/index.html". Be careful not to add any additional directories between
- Restart Photoshop
- Run Imaginer from Photoshop menu "Window" → "Extensions" → "Imaginer"
- Use it

One more way with Extension Manager

- If double-click on downloaded file results in nothing, you could try to run Adobe Extension Manager CC manually if you have installed one.
- Windows Usually Extension Manager is located in "C:\Program Files\Adobe\Adobe Extension Manager CC\Adobe Extension Manager CC.exe" or in "C:\Program Files (x86)\Adobe\Adobe Extension Manager CC\Adobe Extension Manager CC.exe" on Windows.
- Mac Usually Extension Manager is located in "/Applications/Adobe Extension Manager CC/Adobe Extension Manager CC.app" on Mac
- Run Extension Manager
- Press button "Install" in it
- In opened dialog choose downloaded file for Imaginer
- Adobe Extension Manager CC will lead you through installation process which is quite simple
- Restart Photoshop
- Run Imaginer from Photoshop menu "Window" → "Extensions" → "Imaginer"
- Use it
